HILLS

PORT ARTHUR AGAIN

Persistent Reports of Another Assault Circulated

FIGHT IN PROGRESS OR IMMINENT

Advices From Chefoo to the Effect That a Grand Assault is Now Taking Place, or Will Occur Very

Chefoo, By Cable.-Local students of the military situation at Port Arthur. hasing their deductions upon recent development there, are of the opinion that another grand assault is either occurring at the present time or is immiment. This opinion is based on the very heavy bombardment of the Russian stronghold that occurred on Sept. 16th, for such a bombardment forms the usual prelude to an assault; on the arrival here of important messengers from Port Arthur at a time when the running of the blockade is extremely perllous; on a recent authoritative statement that Japanese siege works are completed, and on reports from Japanese sources that at Port Dalny an assalt was expected to take place in a few days. These reports were received

In addition to the foregoing there is the common knowledge that the Japanese realize that their continued inactivity increases the resisting of the Russian garrison, and their consequent desire to make such period of inactivity as brief as possible.

Why Kuroki Failed.

London, By Cable.-The Times correspondent with General Kuroki in a dispatch dated Liao Yang, Sept. 7, and at the conclusion of a long account of the battle there, says:

"General Kuroki's flank movement failed owing to the tactics of General Kuropatkin, who trusted the half of tis army would suffice to hold the Japanese south of the Taitse river. His forces were so strongly posted and he possessed such a secure line of retreat that the soundness of the course adopted must appeal to tacticians. In any case it upset the caluculations of the Japanese, who counted upon comparatively feeble resistance to their flanking movement. There are indications to show that while the Russians contemplated a determined effort at check they feared throwing down the gauntlet and fighting a pitched battle. They had very small reserve supplies at Liao Yang, trusting to the railway for supplies. The proof of this is that they left practically nothing for the Japanese captured sufficient to supply their army only for one day. After the Russian retirement to the east bank of the river their position presented a scene of carnage unparalleled in European warfare. A remarkable feature of the fighting on the flank was the evidence that the Japanese proved the value of their lines as compared with heavy continental formations. The Russian's lack of dash indicated prudence against jeopardizing their ritirement."

Japanese Captures.

Tokio, By Cable.—Marquis Oyama, commander-in-chief of the Japanese forces in the field, telegraphed Monday morning that General Oku had reported having captured thirteen prisoners at the battle of Liao Yang. He also gave a detailed list of the Russian stores which General Oku captured, including 30 horses 2,288 rifles and 127 ammunition wagons, 5,892 rounds of artillery, 659,930 small arms cartridges, great quantities of timber, flour, rice, forage, engineering implements, clothing and accoutre-

Manchester Cloth Market.

Manchester, By Cable.-The cloth market had a tendency toward hardening, as the makers increased their engagement and a fair turnover of most descriptions resulted last week. The China trade was more quiet, especially in the gray staples. The output for the next six months has been generally disposed of.

Another Georgia Lynching.

Atlanta, Special.-A special to The Constitution from Royster, Ga., says: Judge Lynch held court in Franklin county and as a result the riddled body of John Ware, a negro, is swinging from the limb of a tree between here and Carnesville. Ware was done to death by a mob for fatally shooting C. Y. Daniel, a son of George Daniel, of Danielsville. Young Daniel and the negro had some words over a trivial matter. It is said the negro, becoming greatly enraged and saying that no white man should run over him, drew a pistol and shot Daniel, the bullet inflicting a wound that will prove fatal.

Manchurian Army Resting.

St. Petersburg, Special.-General Eakharoff has reported to the general staff under date of September 17th: "The Manchurian army was nowhere engaged on September 16 or 17. The arrival of considerable reinforcements is not incredible at the advance posts along the whole of the enemy's front, faculty and the address of notification and especially near the village of Bi- was delivered by the rector of the ancupuza, and east of the railway towards the mines,"

END OF WHITE TRIAL

After Ninteen Hours' Deliberation the Jury Retrns Verdict.

Salisbury, Special.—After 19 hours of weary waiting, the great audience in attendance upon the White trial was relieved when the jury returned its verfilet at 12:50 Thursday afternoon, finding the defendants guilty of murder in the second degree. All through the night eastern towns kept the wires busy asking how the verdict was and men sat up late in the hope that the result might be slept upon. A report was current that the jury had reached its verdict and was waiting for the convening of court in order to render it. This was not true, and the last of the jurors who had held out for manslaughter from 9 Thursday morning until the end, gave in finally and the verdict was murder in the second degree. At no time in this trial was there any juryman who held out for acquit-

THE VERDICT EXPECTED. The the verdict was rather expected. When Mr. Watson closed that wonderful argument of his, the case for the defendants looked bright, for it was a Titanic effort. Everybody was expecting a powerful speech from Mr. Glenn and that he knew it can hardly be doubted. He removed his collar, and, fixing himself for his supreme and probably final effort, before his election to the governorship, he began his masterly apostrophe to the law.

for murder in the first degree.

In passing sentence on the Whites Friday, Judge Cooke said that no man had the right, or a reasonable excuse in North Carolina to take the law into his own hands. He sentenced each of the defendents to six years in the penitentiary. An appeal was taken by counsel for the defence.

Personally Conducted Trip to St. Louis The Seaboard Air Line Railway will run a personally conducted excursion to St. Louis on Tuesday, October 4th. The trip will be made under the supervision of Rev. S. F. Conrad and an enjoyable time is assured to all who take advantage of the extraordinarily low rates offered for the occasion. Almost all sections of the Carolinas are within quick and enjoyable trip will be assured to all those availing themselves of this special apportunity of visiting the great exposition,

Cyclone at Durham,

Durham, Special.-Durham was visted by a cyclone Wednesday morning. While it was of a local nature and from what can be learned, did not extend any great distance, the damage was considerable while it was on. It was about 11 o'clock when the cyclone formed on lower Main street and it did not last in that immediate section more than two minutes at most. The wind roared and lightning, without the usual ccompaniment of thunder, played on all sides. Trees were twisted off, some at the ground and others several feet from the ground; tin roofs were torn from buildings, chimneys taken off and other damage done.

North State News.

Trustees of the University of North Carolina met in the office of Governor Aycock and authorized the establishment of the School of Applied Sciences, with Prof. J. W. Gore as dean, the school to consist of mathematics, electricity, chemistry, geology, mining. President Venable reported 50 more students enrolled this term to date than attended all last year. Trustees in attendance were W. Graham, A. B. Andrews, T. S. Lewis, Claudius Dockery, R. H. Battle. Mr. Graham presided in the absence of the Gov-

Superintendent of Public Instruction J. Y. Joyner, gave out as an illustration of the benefit of local taxation and the consolidation of school districts, that at Nealsville, McDowell county, where three districts were consolidated. the enrollment of the three separate districts last year was 80, with an average attendance of 50. Now the consolidated school is opened with an enrollment of 103, and average attendance of

Prof. J. A. Bivins, principal of the Charlotte graded school, has tendered his resignation to accept the position of head master of Trinity Park High School, at Durham, made vacant by the tragic death of his brother a few weeks ago.

The Secretary of State charters the Pate Laundry Company, of Wilson, capital \$10,000, subscribed by J. C. Hale, H. G. Connor, Jr., of Wilson, and A. W. Pate, of Durham.

Whiteville, the county seat of Coumbus County, is soon to have electric lights. The electricity will be furnished from a dynamo of the Whiteville Gin Company. Arc as well as incandescent lights, will be installed over the town.

Dr. Alderman Welcomed. Charlottesville, Va., Special.-The first public welcome to Dr. E. A. Alderman, who has just assumed the dutics of President of the University of Virginia, was held this evening in the public hall at that institution. Dr .J. Morris Page delivered the address of welcome on the part of the board of visitors, Charles P. Jones, of Monterey, Va. Dr. Alderman spoke in acceptance of the honor.

DEATH IN A STORM NORTH STATE NOTES LYNCHERS ON TRIAL

Tropical Hurricane Develops Great Force on Northern Coast

8 DROWNED AT WILMINGTON, DEL.

A Tug of the American Dredging Company Swamped in the Delaware River-New York Was Visited by a Terrific Wind, Rain and Thunder Storm.

aged and several ships were wrecked in the storm which swept up the Atlantic coast last night and Thursday.

It was one of the fiercest September storms on record-thunder and lightning adding terrors to a howling gale tal, but one did contend a short while which swept drenching sheets of rain over sea and land. At night telegraphic reports say that the storm has swent out into the ocean from the Canadia-

The greatest loss of life was near Wilmington, Del. The tug Israel W. four other men, employes of the Amerlcan Dredging Company, was swamped in the Delaware river early during the height of the storm. Eight of the ten persons on the little craft were drowned. From farther down the coast Jacksonville—comes the report that 5 men were drowned off Charleston. This report was brought in by one of the

high wind which prevailed.

New York suffered comparatively little. The wind and rain and lightning and thunder were terrific, but little damage was done. Nineteen coal barges went adrift in the bay and their wreckage strews the shore from the battery to the narrows, but no lives were lost. Several small vessels also went ashore on various parts of the coast near New York. One fatality was a nearby pasture and was in the act reported in this city when a piece of of fastening the chain to a stake, cast iron fire escape was blown from a She was thrown violently to the building and struck Carl Hertzner, killing him instantly.

A fishing steamboat, Joseph Church of Green Port, N. Y., struck on Peak's screamed for help and some one pass-Hill bar, today and was smashed to ing that way drove the animal away. pleces. The captain and crew of 21 men were saved.

Wilmington, From comes the news that great destruction was caused by the storm. Trees were up-rooted, houses flooded and crops ruined. In Chesapeake Bay the storm was particularly fierce. In-coming steamers arriving at Baltimore report that never before in their experience has such a severe gale swept down on them at this time of the year. man was seen adrift in a small row boat in Chesapeake Bay, but it was impossible to rescue him. The storm was accompanied by a cold wave.

New York State Ticket.

Saratoga, N. Y., Special-The Repulican State convention adjourned at 2:30 p. m. Thursday, after nominating unanimously the ticket for State officers forecasted by the Associated Press as follow:

For Governor, Frank W. Higgins, of For Lieutenant Governor, M. Linn Bruce, of New York.

For Secretary of State, John F. O'Brien, of Clinton. For Attorney General, Julius M. May-

er, of New York.

of Monroe.

For Comptroller, Otto Kelsey, of Liv-For State Engineer and Surveyor, Henry A. Van Alstyne, of Columbia.

For Chief Judge of the Court of Appeals, Edgar M. Cullen, Democrat, of Kings. For Associate Judge of the Court of Appeals, Win. E. Kerner, Republican,

Telegraphic Briefs.

Fourteen plucky negroes, fishermen, who crossed the Charleston bar Tuesday morning have not returned, three are known to be drowned and there is only a bare possibility that the two other boat-loads were picked up by a passing vessel.

The Italian Government is trying to secure the return of the ancient cope stolen from Ascoli and later sold to J. P. Morgan.

Two Killed in a Bridge Accident.

Stillwater, Minn., Special. -The bridge across ake St. Groix, which is a half mile long, extending to the Wisconsin side, caught fire late Thursday afternoon. The fire created some commotion and the fire apparatus in responding to the alarm was followed by the usual crowd of persons. The fire had so weakered one end of the spans of the rather ancient structure that when the fire apparatus and the crowd attempted to cross, it fell into the water, twenty feet below. About twenty persons were precipitated with the wreckage into the water. Adolph Boo, aged 22, and George McCrath, aged 16, were killed, and five others were seriously injured. The financial

The Occurrences of the Tar Heel State from Murphy to Manteo.

Secretary Poe, of the North Carolina Historical Society, announces that a meeting of the society is called for Tuesday of the State Fair week (October 18) and that features of the programme will be an address by Prof. Alphonse Smith, of the University of North Carolina, subject, "The Average American;" Prof. D. H. Hill, of Agricultural and Mechanical College, "Books of the Year by North Caroliplans;" Dr. F. P. Venable, "The Uni-New York, Special,-A number of versity of North Carolina and Its Relalives were lost, much property dam- tion to North Carolina History;" Prof. Charles McNeill, University of North Carolina, an original poem or essay; Chief Justice Walter Clark, "A Synopsis of the Reply of the Committee of Five to the Charges Made by Judge Christian, of Virginia, Impeaching the claim of North Carolina That She was First at Bethel, Farthest to the Front at Gettysburg and Chickamauga; last at Appomattox."

The town of Southport, located right at the mouth of the Cape Fear river, has been working for a railroad for many years and at intervals promise of gratifying the desire for a railroad, but so far no actual movement has ever been started in that direction. Mr. F. A. Burroughs, president of the Conway, Coast and Western Railroad Company, of Conway, S. C., writes some of the leading citizens of the town that he will extend his road to Southport if the people Halifax, N. S., is now mourning there show proper interest in the \$500,000 fire. While this fire was not movement. He will visit the place at directly due to the storm, the flames an early date and take the matter were fanned and driven forward by the up with the chamber of commerce there and if the proper interest is shown something may materialize. Southport is one of the best situated ports on the Atlantic coast and it will prove a splendid deep water terminal for a railroad.

Mrs. A. F. Hinson, who lives at the Continental Manufacturing Co.'s Mill, in Charlotte, was attacked by a cow Wednesday morning and barely es caped with her life. Mrs. Hinson had taken the cow from the barn lot to when the animal made a dash for her. ground, and the animal, seemingly furious, pounced upon the prostrate form of the woman. Mrs. Hinson A physician was sent for and the unfortunate woman examined. It was ascertained that no bones were bro ken, but her chest and stomach were badly bruised. The cow used her feet in causing the injuries. The animal did not attempt to hook Mrs. Hinson.

Mr. Jefferson Lewis, of Spencer, was struck by northbound passenger train No. 40 at that place Saturday night about midnight, sustaining injuries from which he died Sunday night. Mr. Lewis, it is learned, had started to the depot to meet a grown son who was expected to arrive there on the same train and while on his way walked too near the railroad track, permitting the incoming train to strike him a terrific blow in the back of the head. A shoulder, eight ribs and a hip were also broken. The son, Mr. William Lewis, witnessed the tragedy, but failed to recognize his father until after the train had been stopped and an investigation made.

Sam Faison, a young negro who threw a rock in a moving train between Wilmington and Newbern some time ago, was tried and convicted at the recent term of Pender Superior Court, and sentenced to two years in the chain gang service, which is the heaviest sentence imposed by law. The negro's act was one of pure deviltry, and the missle which he hurled into the train struck a small white boy named Koonce, of Newbern, fracturing his skull, and perhaps inflicting a life injury.

Hazel McAdams, daughter of Mr. J. W. McAdams, while playing at the Siler City Institute Tuesday afternoon, fell and fractured her collar bone.

Thursday Ross Flake, the negro who killed Carl Culberton near the Miami mine last week, was given a preliminary hearing before Squire E. T. Best, at Concord. Flake was cut badiy in the fight and was just now able to get out. It was shown a clear case of self defense and he was discharged on a \$100 bond to court.

It will not be long before the principal cities near Charlotte will have trolley lines connecting them with that city, says the Chronicle. The water power of the Yadkin and that of the Catawba practically insures this. Such lines between Charlotte and Concord,, Gastonia, Rock Hill and Monroe would pay now. With the water power available, they could be very cheaply operated. Going through a well settled agricultural region, they would get much passenger and freight business from the farmers.

A charter has been issued for the Bank of Norwood, Stanley county. The capital is \$25,000 authorized, and \$12, 00 subscribed, by T. C. Ingram, M. E. Blalock and others. It will do both commercial and savings business.

Officials at Huntsville, Alabama, to Be Impeached

WAS SOME STARTLING TESTIMONY

Special Grand Jury Finds Sheriff Rodgers, Mayor Smith and Chief of Police Overton Guilty of Neglect of Duty and Incompentency and Recommends That the City Police Force Be Reorganized.

Huntsville, Special.-The special grand jury made its report Monday night, recommending the impeachment of Sheriff Augustus Rodgers, Mayor Thos. W. Smith and Chief of Police Overton, and recommending that the police force of the city of Huntsville be reorganized. The grand jury fluds that Sheriff Rodgers was guilty of neglect of duty of incompe tency, in that he did not prevent the lynching, failed to take proper precau-tions for the defense of the prisoner, allowed a mob of unlawful assembly to remain several hours in the vicinity of the jail and took no steps to disperse the same, then permitted ar son in the first degree to be commitsome project springs up which gives | ted in the fall, allowed the lives of prisoners tilder his care to be jeop ardized by fire and smoke, wilfully failed or refused to fire upon the mob or order the same to be done when the mob was besieging the jail and assaulting the garrison by throw ing rocks and other missles, and failing to order or command the mob to disperse.

The jury finds that Mayor Smith was guilty of neglect of duty because he allowed an assembly of people to throng the streets for hours and failed to use proper means to disperse them, failed to adopt any measures to preserve the peace of the city, notwithstanding areon and murder were being openly committed, refused to order cut the fire department to extinguish the fire in the jail, failed or refused to send police protection with the fire department, etc.

Chief Overton, of the police department, is charged with failure or refusal to disperse a riot or mob, refusal to carry aid to the sheriff upon the summons of that officer, and adopting no effective measures for the preven-

tion of the meb. The action of Governor Cunningham in sending militia to preserve peace and order is commended, and in view of the fact that a military court of inquiry is investigating the conduct of the local militia on the occasion of the riot, no comment is made on their actions except taht they appear to be under the command of an officer incompetent and ignorant of his duties.

The military court of inquiry, appointed by Acting Governor Cunningham to investigate the conduct of the militia on guard at the jail when Horacc Maples, a negro, was lynched, Monday began taking evidence. Col. T. S. Frazer, of Union Springs, Capt. W. J. Vaiden, of Uniontown, and Capt. E. D. Smith, of Birmingham,

compose the court. Captain Robert L. Hav. of Company F: Lieutenant Thomas P. Hay and Second Sergeant Joseph Brock were the first examined when the investigation began. According to the testimony of Captain Hay, he was to receive his orders from the sheriff Capt. Hay testified that his pickets were posted on the stairways, and that the sheriff had cautioned the soldiers not to allow any one to come up the stairway, and not to shoot until he ordered. After the mob had broken in the back door and started the fire, the men begged either to be allowed to shoot or to be ordered out of the building. In the meantime, the mob was calling to the sheriff and telling him that if he would surrender the negro, the fire would be extinguished. The sheriff finally acceded to the wishes of the mob, at the same time ordering the militia out of the building. Sergeant Brock substantiated the testimony of Captain Hay. Lieut. Hay testified that he went to the assistance of a sentry and was cut off by the rush of the mob and could not get back to the

Suicide at Manchester, Va.

Richmond, Va., Special.-John Ingram Alvis, son of a prominent furniture dealer of Manchester, shot and killed himself in his home. Brooding over ill health is supposed to have driven Alvis to end his life. He was 19 years old. A curious fact connected with the tragedy is that last night his aunt had in a dream a premonition of it, which was fulfilled in almost every

Fresh Officers Summoned.

St. Petersburg, By Cable.-There is a story affoat that a sudden call has been made to the officers of the guard regiments stationed at St. Petersburg to report for service at the front. According to report the order directs that 18 of a total of 56 officers of each regiment should be chosen by lot and drafted to serve with regiments now in the far East. It is stated that the order has aroused great discontent. Whole regiments are anxious to go to the seat of war, but the officers intensely dislike the prospects of the organizations being split up. It is impossible at this time to obtain an authoritative confirmation or denial of the report.

Trains Collide Near Toledo.

Toledo, O., Special.-Cincinnati, Hamilton & Dayton passenger trains Nos. 2 and 5, making their first trips over the lines of the terminal company, collided near Ironville and twenty peopie were injured, none of them seriously. The accident occurred on a trestle and the engines were telescoped in such a fashion that none of the cars left the track. If the cars had gone over a the point there would have been a frightful loss of life.

Cotton Picking Now Well Under Way Gathering Crops.

An unusually severe and damaging rain and windstorm occurred on the 14th in the eastern half of the State; while in the western half the week was practically dry, and in a niltiber of places rain is badly needed for the growth of fall crops and for softening the ground for fall plowing. Cool weather set in on the 15th, with abnormally low night temperatures, especially in the western counties: and, although the minimum temperatures were slightly above 40 degrees, no frost occurred anywhere.

Both corn and cotton were badly

damaged in the eastern half of the State by the storm on the 14th. The fields were badly washed on lowlands by the heavy downpours and by freshets that resulted from the storm; and were badly prostrated by the winds. A great deal of cotton that was open was completely blown out. Large quantities of fodder that were left out for curing were entirely ruined by the rain or blown away by the wind. There was very little damage to crops in the extreme eastern counties, owing to the light rainfalls that occurred there, although the wind velocity was high; but the greatest damage, judging from the correspondents' reports, occurred in Graham, Durham, Orange, Alamance, Chatham, Granville, Nash, Cumberland, Robeson, and adjoining counties. Cotton picking is general in all sections, but on account of cool nights the bolls are opening slowly; from all indications the crop will be quite shrot. Fodder pulling and haying is active in all sections; and on account of the favorable weather, both hay and fodder are being saved in excellent condition in the western half of the State. Tobac co cutting and curing is advancing rapidly in the north-central countles; about two-thirds of the crop has been saved, and the general results are fair ly satisfactory. Peanuts were damaged slightly; the crop will be short but the quality appears to be good. Plowing for wheat is general in all parts of the State, but the work is advancing slowly. Sugar cano is ripening, and some molasses have already been made.

A Horrible Crime.

Wake Forest, Special.-An awful tragedy took place 5 miles west of here Monday. A white man named Geo. Tilley, living two miles up the river from Neuse Falls shot his wife and motherin-law with a shot gun. Mrs. Tilley was in the bed with her two days' old baby when her husband picked up the gun and indicated that he was going to fire. Thinking that Tilley was going to shoot the baby the mother threw herself over it, and the load grazed her shoulder. Tilley then opened fire upon his mother-in-law, Mrs. Joe Lowery, The first load took effect in Mrs. Lowery's right shoulder. She ran into the yard and cried for help, then she entered the house and turning, Tilley shot her again in the back of the head, thus rendering her unconscious. Mrs. Lowery's condition is serious, and it is thought that she will die. The shock may also result in the death of Mrs. Tilley. The only cause that can be attributed for the rash act is that he became angry with his wife because she sent her picture off to be enlarged and did not send his. He has been gruff, and has had little to say for the past month. He left immediately after the shooting and had not been captured at last accounts. Deputy Sheriff Mangum is searching for him. It is thought that he will be lynched if caught in his neighborhood.

North State News Notes.

The Jacksonville Supply Company, of Jacksonville, Onslow county, was chartered with \$5,000 capital to conduct a general merchantile business. Frank Thompson, F. W. Hargett and C. A. Petteway are the incorporators.

George W. Andrews, a native of Raleigh, has been chosen State Sunday school secretary by the Baptists of Georgia.

Edward Speagle, aged 13, shot and instantly killed his 16-year-old brother, Hugh, at the Speagle home, six miles from Morganton, Saturday night. The weapon used was a shot gun. It is said that the boys have frequently quarreled and one of many similar altercations is alleged to have resulted in the tragedy. The slayer is in jail.

Greater Activity.

LaFollette, Special.-This city seems to have picked up much of its lost activity due to the big fire. A great many of the new brick buildings are now taking on their finishing touches. Several parties, who have been confined to ents and shacks since the great fire, re moving into new brick buildings The two banks are now esconced in their new buildings doing business.

N. C. & St. L. Election.

Nashville, Special .- Stockholders of the Nashville, Chattanooga & St. Louis was re-elected with one exception, Henry Walters, of the Atlantic Coast Line, replacing J. H. Atwater, of New York. The directors elected the following officers: J. W. Thomas, president; H. Ambrose, secretary and treasurer; E. F. Poole, comptroller; Hunter Mç-Donald, chief engineer.

NORTH CAROLINA CRUPS WINTER AT HARBIN

Russian Armies Have Been Working Toward Winter Quarters

ALLEGED PLANS ARE MADE PUBLIC

There Yet Remains, However, Two Months Before Extreme Cold Be Changed.

Inactivity of the opposing armies of Russia and Japan continues and no fighting of a general character is reported. Information coming from an authoritative source in St. Petersburg is that the Russians will winter at Harbin, but the fact that there will probably be two months of good weather for military operations before extreme cold weather sets in, leaves room for a revision of this purpose in the light of events that may transpire. The Japanese are reported to be collecting taxes and otherwise administering affairs in Manchurlia, as though that country were conquered territory. The publication of General Kuropatkin's report of the fighting of August 26, until the retreat upon Mukden, has created a better feeling in St. Petersburg. The report distinctly places upon General Orloff the responsibility for the failure to hold the heights in the vicinity of Sykawantus and so check the Japanese advance General Stoessel reports repulses of the Japanese at Port Arthur.

St. Petersburg, by Cable.-The Emperor has received the following dispatch from General Stoessel (commander of the Russian military forces

at Port Arthur) dated August 28: "I am happy to report to your majesty that at three o'clock in the morning of August 27, during a violent rain and thunder storm, the Japaness again attempted to capture our left flank positions, near Fort No. 1, and Udan Mountain. Their attack was everywhere repulsed. Our losses were small-three men killed and two officers and 98 men wounded. The wounded were brought in and are being carefully attended. A numer of Japanese corpses would have been picked up by us, but the enemy prevented us from so doing by opening fire on the hospital attendants who had been sent out under the Red Cross flag.'

Another dispatch from General Stoessel to the Emperor, dated September 2, says:

"On the night of September 2, the enemy attacked Visokaya and Dlinnaya Mountains and the neighboring fortifications, opening simultaneously an artillery fire on the forts and mountains. The leading files of the enemy with the Japanese columns following were found in good time and our batterles opened on them .The leading files fortunately encountered some automatic mines and many of the enemy were blown in the air. The attack was repulsed in an hour. Our losses were inconsiderable-one officer and seven men wounded.

No More Fighting.

There has been no renewal of fighting on a large scale between the Russian and Japanese armies in the Far-East. At St. Petersburg, the people are harassed by rumors of impending disaster to General Kurepatkin which find ready credence because of the lack of official information and for the moment the popularity of the head of the Russian armies in the field is in eclipse. In that capital, too, there is much uneasiness felt lest the Japanese advance in Manchuria should afford occasion for the growth of an anti-Russian spirit in China and the ultimate projection of that power into the conflict.

Norfolk Storm-Swept.

Norfolk, Special.-This entire section was swept by a wind storm Wednesday the velocity of the blow reaching 52 miles an hour in Norfolk. The governpient wires along the coast went down and information from that section is meagre. No marine disasters have been reported. The blow caused many steamers to leave after schedule time and Hampton Roads shelters many stormbound craft. Telephone and telegraph service is being badly crippled and the river has flooded many low streets, interfering with the trolley system. A great amount of minor damage is reported, but no fatalities have occurred so far as can be learned.

Bankers Choose Officers.

New York, Special-The trust company section of the American Bankers' Association elected E. A. Potter, of Chicago, chairman. Among the vicepresidents are T. R. President, of Chattanooga; J. T. Main, of Radeliffe; Va. and W. E. Allen, of Greensboro, N. C. F. H. Fries, of Winston-Salem, N. C., was elected a member of the executive committee.

Damage at Newport News.

Newport News, Va., Special .- During a terrific wind and rain storm, which raged here Wednesday night, the Chesrailway held their annual meeting here aneake & Ohio steamer Louise, broke last week. The old board of directors | from her mooring at the ship-yard and was blown several miles out into James river. Two tugs recovered the vessel, Wires were prostrated, fences leveled, telegraph and electric light poles up-rooted or felled in several parts of the city. No serious damage to shipping in the harbor is reported.

treat the tariff, nobody knows but we all fear.

Turn to the Sound Money Question; With Roosevelt and his party wa are sure of sound money.

But with Parker and his party we can only hope for its permanence. Of course it was a fine thing for Judge Parker to send that gold telegram. It showed where he stood, at least. It showed either that he had grown wiser since he voted for is what he has done; that is what he Bryan and free silver in 1896 and and 1900, or else he had grown more courageous since then. Better his word. late than never. Better throw down the gun that has twice been fired at sound money than keep it, like Bryan, to fire a third time if the chance comes. Better know when you are licked and applaud the ones who licked you, than prowl around longer in the cemetery of

dead issues. So it was well to send that tele-

gramto the convention. But the pity that it was necessary

to send it all. That convention was so full of free-silverites that the sound money men couldn't get even the faintest word into the platform. All that that the sound money men asked for was a little admission that new

discoveries of gold had made it so plentiful that there was at present no more need of a call for free sildid not consider McClellan a safe ver. That would not have been a contradiction of the old Sixteen-to-One platform, only a recognition Again, 1872, the Democrats were that metallic conditions had charged so hopelessly disnnited on all the since 1900. But Bryan followers brusqueness. It hauled down the living issues that they nominated were still so rampant that even this flag from Hawaii. Parker and his Horace Greeley, who had just could not be said, and so, after an party went to haul down the flag in abandoned the Republican Party all-night fight, the convention left the Phillippines. Then it will be because of his disagreement with out all reference to sound money; hauled down in Porto Rico for the

READ THE FOLLOWING LETTER.

The ECZING Co., Chicago.

Gentlewen—Enclosed find one dollar to pay for another bottle of EC-ZINE and as cents for Ec-zine Soap. I have used nearly all the bottle you sent and it has done more for me than all other treatments combined that I have employed for four years. I have Eczema on both legs from ankle to knee and I have been so bad at times I had to go on stilts. Since I commenced the use of EC-ZINM my trouble has nearly disappeared, in fact it feels like it was well, but there are a few rough spots yet I don't want to stop treatment with one bottle. Send me another bottle as soon as possible and a cake of soap, after I use it I expect to be perfectly cured and then I will tell you all about it. I have been under treatment for four years and I can't begin to tell you what I have suffered and the great trouble and expense I have endured in that time, but I have great hopes that I will soon be cured. I certainly believe I have struck the right remedy at last. With best wishes I am

No President was ever so attacked for being "uncon-Strange to say, the Democratic stitutional" as Lincoln, except, per-A young husband named George platform is noticeably silent as to haps, Andrew Jackson. Yet, when it came to facts nobody ever presented an impeachment The only President against whom charges of impeachment were brought was one of the weakest-Johnson.

"A tendency to unconstitutionalism" is the most ancient and habitual cry raised against a strong President. When a strong man performs a duty he does it in a prompt, decisive manner. And instantly weak people and envious people cry: "Behold a giant who will trample us."

But God be thanked we have a strong man who can properly uphold the high duties imposed by the Constitution. Roosevelt isn't a fool to butt against the Constitution.

Great events constantly aries which are not covered by a specification in the Constitution. What is a President then to do? Jefferson had the chance to make the Louisiana Purchase by which he added an empire to our little republic. He sistent can no long-r afford to affil- had not received permission to do late with the Democratic party. In so, but the Constitution did not the Democratic State Hand Book, of 1898, on page 1 we find this lanly, and Congress approved his act relief, built up my shattered nerves and gave guage, 'in 1896 the Democratic afterward. Yet he was called a me a splendid appetite. I cannot speak too people sent the delegations to usurper and an upsetter of the Con- highly of it and want to say, each and every Chicago by an overwhelming stitution. Jackson and Lincoln re-majority, repudiated him [Cleve-peatedly acted promptly in great Miles' Nervine. Insist on having it and take land and his policy." Grasp of Grip Prostrated Me.

Dr. Miles' Nervine Built Up My

Shattered Nerves and Gave Me an Appetite.

Of the millions of people, who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGrippe. It is a germ disease, and makes a direct attack upon the nerves, putting an extra strain upon them at the time their vitality is at the lowest ebb. If LaGrippe has left you with a shattered nervous system, with loss of appetite, lack of energy, insumnia, frequent headaches and morbid tendencies, you should strengthen the weakened nerves with Dr. Miles' Nervine. It will undo all that grip has done, bring back appetite, rest and restore the nerves to their normal activity.

"I want to write this testimonial for the benefit of those who have suffered from that dreaded disease—LaGrippe. I suffered several weeks with it, and nothing I tried seemed to benefit me in any way, shape or form (I suffered almost death) and finally my daughter recommended Dr. Miles' Nervine no other. It is simply splendid. Hoping this will benefit some poor sufferer I remain," -MRS. GEORGE B. HALL, Jackson, Tenn.

Your Heart

Person in Four Has a Weak Heart.

One of the surest signs of a weak heart is shortness of breath after exercise. Your heart is not able to pump the blood fast enough to your lungs. Some of the other symptoms of Heart Trouble are: Pains in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles;

Cold Feet or Hands. No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc.

If, therefore, you suspect heart trouble, begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a splendid tonic for the blood and nerves, and will revitalize your entire system. Finally, remember, Dr. Miles' New Heart Cure is sold under a guarantee that the first bottle will do you good.

If it doesn't-your money back, If it doesn't—your money back,

"I was afflicted with heart trouble for three years. I would be apparently all right, and without a moment's warning would fall as though shot. The attacks were frequent, and a terrible dread possessed me, as I never knew when or where, nor under what conditions I would be attacked, and whether I would survive them. I consulted and was treated by some of the most eminent physicians of the state. Not finding relief from this source, I began taking Dr. Miles' New Heart Cure, and began to improve at once. I used ten bottles, which entirely cured me, as I have not had an attack for five years."—MRS. JOHN DRESBACK, Leipslo, O.

Some bright young women who spent last summer in a western Massachusetts town, tired of hunting birds which never sat still, turned bee hunters. Discovering a veteran bee hunter and overcoming a feminine distrust of the little insect who so sharply resents interference with her affairs, they were initiated in the art of lining bees, and thereafter every tramp afield was with an object in

Bee hunting possesses a charm pecultarly its own and it can be practiced wherever flowers grow, even within the limits of a town. The necessary outfit consists of a box three inches square and as many deep. This is divided into an upper and lower story by means of a slide. The cover is fitted with a glass window. In the lower compartment is placed a piece of comb filled with a syrup of sugar and water. The slide is pushed In place and the nearest flower bed or clover patch is sought. With the tacks than red clover. box in one hand and the cover in the other, it is an easy matter to trap a honey bee busy robbing a flower of its sweets. Watching her through the glass window, the moment she quiets down the slide is gently drawn. It does not take the bee long to discover the syrup, and she at once begins to load up with this treasure.

The box is now placed on a post and a sharp watch maintained. Presently the bee is sated, and, circling for her bearings, starts straight for the hive or tree. When she comes back, for she will surely return, she will bring another bee with her, and in turn this one will bring a third, and so on until a line is established. Then, while one or more fill with the syrup, the cover is replaced and the box carried forward along the line of flight. From the stopping point a new line will be established as before. Thus in time will the bees lead straight to their home.

FITS permanently cured. No fits or nervous-ness after first day's use of Dr. Kline's Great NerveRestorer #2trial bottleand treatise free Dr. R. H. KLINE, Ltd., 931 Arch St., Phila., Pa. Pittsburg has already expended \$25,000,-000 in the skyscraper boon

Piso's Cure for Consumption is an infallible medicine for coughs and colds.—N. W. SAMUEL, Ocean Grove, N. J., Feb. 17, 1900. Telegraph poles along a railway are arranged thirty to the mile.

Horses Swam River With Load. While trying to get a two-horse rig loaded with hay on board of the ferryboat at Suncook, N. H., both horses and dray were precipitated into the Merrimac river. In falling the pole in some way became caught on the boat and the whole was safely landed on the other side. The river is 1,000 feet wide at this point and the horses by swimming kept up with the boat over the whole distance.

A QUICK RECOVERY.

Prominent Officer of the Re Writes to Thank Doan's Kidney Pills For It. de Mrs. C. E. Bumgardner, a local officer

of the Rebeccas, of Topeka, Kans., Room 10, 812 Kansas avenue, writes: "I used Doan's Kidney Pills during the past year, for kidney trouble and kindred ailments. I was suffering from pains in the back and headaches, but found after the use of one box of the remedy that the troubles gradually disappeared. so that before I had. finished a recond package I was well. I, therefore, heartily endorse your remedy. (Signed) MRS. G. E. BUMGARDNER.

The Quest.

I saw the towering clouds take fire From the low sun, and thought them blest; They neared the land of my desire, The splendid West.

Spring laughed in breaking bud, clean In skies that took the tone of rest; saw, yet found them not so fair As in my West.

Night grew, a breathing silence fell, And peace, pure peace, was manifest; Tet loved I not quiet peace so well As in my West.

What balm, then, for this ancient pain, This torture of the baffied quest? Only to take the same dear road again That reaches West, -London Outlook.

******** FARM TOPICS. *********

KAFFIR CORN.

Kaffir corn belongs to the sorghum family, and its seed is excellent for poultry. In this section it is not as profitable as corn, but has the advantage of withstanding a dry spell that would be very severe on corn. It requires good cultivation, but is a fairly

WHITE CLOVER.

White clover is a hardy plant, and if seeded on bare places in the pasture, or wherever there is a vacancy. it will soon germinate and secure a good hold. It may be quite late, and will make considerable growth if winter does not appear too soon. White clover is one of the best for sheep. and it is subject to fewer insects at-

DRY DUST BATH.

During the summer season the best mode of providing a dust bath is to dig out a space in the poultry yards many cases of lockjaw. Even after three feet square and about six or the jaws were set they became reeight inches deep. When the dirt is laxed, and the patients recovered. dry sift it back into the place from fine, but it need not again be sifted. themselves of lice. If the poultry house is kept clean, and a dust bath is provided, the hens can keep their bodies free from lice with its use,

BREAKING COLTS.

Te halter break and gentle a wild norse or colt, place a six ring halter on same, with a good stout rope, three-quarters or one-eighth around the animal's body, in a slipnoose; let the rope come up between the forelegs and through the halter ring, but do not tie in ring; then tie to a good solid post, ordinary length. If the horse is vicious, whip him with an old coat or a sack all over, but do not hurt him. I can take the wildest horse and in one hour's time lead him behind a wagon. That is the way I break Montana broncos and I never failed with one yet.-H. A. Briggs, in The Epitomist.

ROADSIDE WEEDS.

The great hotbed of weeds in a community is the readside. The number of weeds grown along the roads, and which are permitted to scatter their seeds far and wide, is enormous. The duty of destroying these weeds seems to be that of the farmer, but he will not work on the outside of his fence as long as he is busy on the other side, and he, therefore, spends more time destroying weeds on his farm during the growing season than would be necessary if he kept down the weeds along the road. But such work will be useless unless all farmers are interested, as a single thriftless individual may undo the efforts of many. It is a fit subject for discussion in farmers' meetings, and State laws should make roadside weed-killing compulsory.

BACON HOG IN DEMAND.

The bacon hog is now attracting a lot of interest. This class of porcine has captured the public taste and left the heavy fat hog in the lurch. The packing houses demand a good bacon hog and will pay well for it.

The bacon type of hogs has often been misconstrued, and in many cases ridiculed, says Southwestern Stockman, but this is done more because of lack of knowledge of the real bacon type than anything else. This type does not demand a thin hog, as is often thought, but a hog with a thick covering of firm flesh. It is, of course, highly important that this flesh be lean, and this will follow if | Ar. Montg., A.&W.P. the true bacon breeds are raised. The bacon hog must possess extreme length and depth. He must be smooth and evenly fleshed from the shoulders to the hips, presenting a neat and trim appearance. While to a large number of people these hogs are strangers, it would be well for every farmer to watch their progress, as they are becoming more numerous every year.

FARM NOTES.

The best eggs are the result of a meat diet. Avoid drafts upon the fowls as far

as possible Use plenty of whitewash, adding a

ittle carbolic acid.

Regular attention to all live stock s very important.

No animal is profitable at a standstill. Keep all growing.

Fowls having a free run find their own feather making food.

The pig's first year is his time of greatest liability to cholera.

A good laying hen will often lay her weight in eggs in six weeks. Even when the fowls have an un-

limited range it is a good plan to feed them every evening. One of the first things to learn about poultry is that they must be kept clean

and free from vermin. Garget most often sets in after calving, and this is nearly always due Lv. Petersburg Ar. Richmond to a failure to get the udder dry.

Attempting to manage a farm without system in every part is sure to result in more or less of a failure.

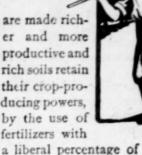

Keep the sheep's fleece clean and free from burs if you wish to get the top price of the market for the wool. It is generally conceded at the stockyards that the marketing of clipped lambs does not pay, as the packers' dock is more than the wool

is worth.

To Explore in Australia. The Australian Government has organized an expedition under Captain Barclay to explore the region comprising 50,000 square miles, between Eyre Lake and the western boundary of C. B. Ryan, Gen'l Passenger Agent, Queensland. It is a desert of the worst type, which has cost the lives of several explorers.

Poor Soils

are made richer and more productive and rich soils retain their crop-producing powers, by the use of fertilizers with

Jes. M. Barr. President and General The heart that is full of joy always has room for another's sorrows.

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

"Dear Mrs. PINKHAM: - Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily and each dose added health and strength. I am so thankful for the help I obtained the new of the medicine daily and each dose added the life way. the help I obtained through its use."- MRS. FLORENCE DANFORTE, 1007 Miles Ave., St. Joseph, Mich.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced. Here is another case: -

"DEAR MRS. PINKHAM: - For years I was troubled with falling of the womb, irregular and painful menstruation, leucorrhea, bearingdown pains, backache, headache, dizzy and fainting spells, and stomach trouble. "I doctored for about five years but did not seem to improve. I began the use of your medicine, and have taken seven bottles of

Lydia E. Pinkham's Vegetable Compound, three of Blood Purifier, and also used the Sanative Wash and Liver Pills, and am now enjoying good health, and have gained in flesh. I thank you very much for what you have done for me, and heartly recommend your medicine to all suffering women." - Miss EMMA SNYDER, 218 East Center St., Marion, Ohio.

WHY GET

FREE MEDICAL ADVICE TO WOMEN." Women would save time and much sickness if they would write to Mrs. Pinkham for advice as soon as any distressing symptoms appear. It is free, and has put thousands of women on the right road to recovery. Mrs. Pinkham never violates the confidence thus entrusted to

her, and although she publishes thousands of testimonials from women who have been benefited by her advice and medicine, never in all her experience has she published such a letter without the full consent, and often by special request of the writer. \$5000 FORFEIT if we cannot ferthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

Lydia E. Pinkham fliedigine Co., Lynn, Mass.

Little White Lily: Little white lily, affoat on the stream, Open your tender heart, wake from your dream; dream; Lift up your face to the kiss of the sun, Wake and rejoice that the winter is done! Though you are tiny and humble and Live and be happy, and fear not the gale; Little white lily, though soon you must

He loveth all things Who all of us made! Little white fily, there's given unto you, Something to live for and something to do;
